

Transact Capital Securities, LLC

Business Continuity Plan

Transact Capital Securities, LLC has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions are unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Contacting Us – If after a significant business disruption you cannot contact us as you usually do by phone at 804-323-6868 or by e-mail at jims@transactcapital.com, you should call our alternative number (804) 612.7110.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the Firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our Firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our business continuity plan addresses: data back-up and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their investments if we are unable to continue our business.

Since you invest directly, the entities in which you have invested are responsible for those records they maintain on your behalf. Additionally, when you invest with our assistance, we take steps to assure that you have paper or electronic copies of everything that you have signed and or obligated yourself to, which results in your having access to essentially the same records as us, should you be unable to contact us during an emergency situation. Finally, while most transactions done through us are not time sensitive, every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption. Thus, while each entity with which you have invested desires to restore its own operations and be able to complete existing transactions and accept new transactions and payments within a short period of time, your orders and requests for funds and securities could be delayed during this period.

Varying Disruptions – Significant business disruptions can vary in their scope, such as only our firm, a single building housing our firm, the business district where our firm is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 5 business days. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area, and recover and resume business within 10 business days. In either situation, we plan to continue in business, and notify you through our customer emergency number, (804) 525-8541 on how to contact us.

For more information – If you have questions about our business continuity planning, contact us at 804-323-6868.

This plan is subject to modification, an updated summary will be promptly posted on our Web site and customers may alternatively obtain updated summaries by requesting a written copy by mail.
